# THE COTTON CHOICES<sup>®</sup> PROGRAM

Cotton Choices<sup>®</sup> gives you the flexibility to choose how to pay your trait technology fees based on what's likely to give you the best return.

In 2024/25, the Cotton Choices<sup>®</sup> program continues to provide you with consistency and flexibility in how you pay for your Bayer technology fees. Key features of the program are:

- Three unique choices that allow you to opt for an upfront discount, manage risk through late crop removal and payment terms, or pay on a per-bale basis after ginning.
- Choose one of the Cotton Choices across your farm, or a different one for each field.

## SELECT THE BEST COTTON CHOICE FOR YOUR FIELDS

### COTTON CHOICES 1 – PRICE DISCOUNT

You can choose an upfront price discount on the Bayer technology fees for your selected fields or refuge crops.

The applicable payment due date for Cotton Choices 1: Price Discount and technology fees after discount are shown below.

Product	Price/Hectare (ex. GST)	Payment Due Date
Bollgard 3 <sup>®</sup> with Roundup Ready Flex / XtendFlex	\$390	
Roundup Ready Flex / XtendFlex	\$75	

**Notes:** Price excludes GST. Discount does not apply to Roundup Ready Flex and XtendFlex unsprayed cotton refuges over 5% of the Bollgard 3 cotton crop area or 10% of the Bollgard 3 cotton crop area if planted after 1 November (as per trait's RMP requirements), or sprayed Roundup Ready Flex and XtendFlex, as nominated in the planting audit. Late Crop Removal is not available under this offer.
