

Export Advice 2024

SIVANTO[®] prime for macadamia export MRL¹ advice:

The **SIVANTO prime** MRL for macadamias has been approved for Europe, as per the publication: Regulation - 2024/2640 - EN - EUR-Lex (europa.eu). This regulation shall enter into force on October 30, 2024, however, will only be applicable for imports to the EU as of April 30, 2025.

The MRL is based on Australia data and is therefore relevant to our use pattern as per the directions for use².

For more information, visit the **SIVANTO prime** product page (www.sivantoprime.com.au) which has the Product Label and SDS as well as a comprehensive Pest Management Guide available for download. Please consult the **SIVANTO prime** product label or contact your local Bayer Crop Science Territory Business Manager if you require any further information.

Yours sincerely,

Simon Lamacraft
